Dear Colleagues,
I received a great news yesterday: our manuscricpt is accepted in Tr. Research Part A. The journal that is ranked #10
in Transportatin (from 118) and D1 in other four categories, as well. It had a 87 AIP score in 2020.
I would like to thank you all the support, especially the help of Kata and Laci in the writing process, and Mark in the
review. The review was really a challange as we had to turn a reject to an accept, that we - based ont he letter bellow
- 100% managed.
It was a huge job, we should be proud of ourselves.

I wish you a nice week and a fresh start of the semester.
Best,
Zsofi

Editor and Reviewer comments:

Reviewer #2: The authors have put a lot of effort to improve the manuscript, i.e., mainly to add the missing reflection
of the implication of their work for policy and practice. I appreciate this very much.

The quality of the paper improved a lot and the authors could convinced me that TR-A is the right place / community their work to become published.
With the great work they´ve done, I am glad to recommend the paper for publication.
