“ Life can be heavy, especially if you try to carry it all at once, part of growing up and moving into a new chapter of your life is about catch or release. What I mean by that is, knowing what things to keep and what things to release. You can’t carry all things, all grudges, all updates on your ex, all enviable promotions your school bully got at the bedge fund his uncle started.

Decide what is yours to hold and let the rest go.” -Taylor Swift
