ABSTRACT

In Bekasi District students' reading and writing abilities are not, up to standard, which makes achieving Development Goal (SDG) 4 for quality education a challenge. StorySpace has launched a project at Hegarmukti 01 State Elementary School to tackle this problem. The primary goal of the StorySpace Project is to improve teacher education and assist teachers in developing lesson plans. As part of this effort the concept of building is incorporated into literacy activities. Additionally, StorySpace provided books to help teachers improve student literacy skills. The success of the project was evaluated based on metrics such as Instagram followers count, their engagement with literacy related content and teachers feedback on the training sessions. The results of the StorySpace initiative show that teachers are more conscious of creating resources that meet students' needs.

ABSTRAK

Di Kabupaten Bekasi, kemampuan membaca dan menulis siswa belum memenuhi standar, yang membuat pencapaian Tujuan Pembangunan (SDG) 4 untuk pendidikan yang berkualitas menjadi sebuah tantangan. StorySpace telah meluncurkan sebuah proyek di SDN Hegarmukti 01 untuk mengatasi masalah ini, dengan tujuan utama untuk meningkatkan pendidikan guru dan membantu guru dalam mengembangkan rencana pembelajaran. Sebagai bagian dari upaya ini, konsep bangunan dimasukkan ke dalam kegiatan literasi. Selain itu, StorySpace juga menyediakan buku-buku untuk membantu para guru meningkatkan kemampuan literasi siswa. Keberhasilan proyek ini dievaluasi berdasarkan metrik seperti jumlah pengikut Instagram, keterlibatan mereka dengan konten terkait literasi, dan umpan balik dari para guru tentang sesi pelatihan. Hasil dari inisiatif StorySpace menunjukkan bahwa para guru lebih sadar untuk menciptakan sumber daya yang sesuai dengan kebutuhan siswa.
